Contact; Addiction minor; EFFECTS 1 minute; DAMAGE: 1d2 Wisdom Damage; FORTITUDE DC 12; This strange, pink, gel-like substance is generally contained in a small glass jar that holds 1 dose. A single dose of soothe dults pain and creates a euphoric sensation, particularly when applied to an open wound. Rubbing a dose of soothe onto one's skin or imbibing the faintly citrusflavored stuff cures 1 point of damage, but rubbing a dose onto a wound received in the last minute heals the user of 1d8 points of damage. In addition, for the next minute, the user becomes immune to bleed damage and gains a +2 morale bonus on saving throws against fear effects. As a somewhat runusual and disturbing side effect, wounds healed by soothe tend to form raw, unsightly scars, giving the appearance of the wound still being fresh but disturbingly bloodless. Soothe has a further side effect—the stuff is slightly addictive, and those who use it run the danger of developing a habit. Soothe's side effect of transforming wounds into raw, ugly scar tissue tends to make those who abuse the drug-like pharmaceutical increasingly into hideous monstrosities over time. In fact, some subcultures, like the Smillers of Scrapwall, use this side effect to make themselves appear more ferocious, and openly encourage self-mutilation followed by healing via of this strange substance.

Gas Grenade Equipped 1 1/0

A gas grenade is a small, cylindrical device that is designed to be thrown as a splash weapon or fired from a grenade launcher. Before being thrown by hand, the grenade must be primed with a quick twist of a dial at one end and then armed with a click of a button at the center of that dial. The grenade detonates at the beginning of the wielder's next turn, hopefully in the area targeted. When a gas grenade detonates, it creates a 20-foot spread of foul-smelling toxic gas. All creatures in this area of effect must succeed at a DC 14 Fortitude save or become nauseated. This condition lasts as long as the creature is in the cloud and for 1d4+1 rounds after it leaves. The gas created lingers in the area for 5 rounds, and any creature that succeeds at its initial save but remains in the cloud must continue to save each round on its turn. The gas is not thick enough to obscure vision, and is a poison effect. The vapors can be dispersed in 1 round by moderate or stronger wind. Usage: disposable

# Traits Extremely Fashionable (Diplomacy) [Paizo Inc. - Adventurer's Armory, p.332]

Whenever you are wearing clothing and/or jewelry worth at least 150 gp (and not otherwise covered in gore, sewage, or other things that mar your overall look), you gain a +1 trait bonus on Bluff, Diplomacy, and Intimidate checks. One of these skills (your choice) is a class skill for you.

## Local Ties (Knowledge (Engineering)) [Paizo Publishing - Iron Gods Player's Guide, p.8]

You have ties to a prominent local in the town of Torch-the missing wizard Khonnir Baine. If you're a wizard, alchemist, or other scholarly type, he may have been your tutor or teacher. If you're of a more martial bent, Khonnir could instead have been a friend or business associate of your mother, father, or patron. He may even have been your adoptive father, in which case you likely have a bond of friendship or rivalry with his adopted daughter Val (your GM has more information on her in this case if you wish to know more for your character's background). Your association with Khonnir has given you insight into how technology works. Choose Disable Device or Knowledge (engineering). You gain a +1 trait bonus on checks with this skill, and it is a class skill for you. In addition, you are treated as if you possessed the Technologist feat for the purposes of resolving checks associated with that skill. If you gain the Technologist feat, your trait bonus for the selected skill increases to +3.

### Outer Dragon Blood (magic) [Paizo Inc. - People of the Stars, p.25]

The blood of outer dragons courses through your veins, and you've inherited a portion of their magic. You gain Draconic as a bonus language. In addition, if you are a sorcerer with the draconic bloodline, you can select one of the outer dragon types for your bloodline powers; this affects your resistances and the type of energy damage dealt by a number of your abilities.

Suspicious [Paizo Inc. - Second Darkness Player's Guide, p.141

You discovered at an early age that someone you trusted, perhaps an older sibling or a parent, had lied to you, and often, about something you had taken for granted, leaving you quick to question the claims of others. You gain a +1 trait bonus on Sense Motive checks, and Sense Motive is always a class skill for you.

## **Special Attacks**

## Breath Weapon (Su)

[Paizo Inc. - Core Rulebook]

You gain the use of a 60-ft.-line breath weapon 1/day that deals 9d6 points of cold damage. Those caught in the breath receive a Reflex save for half damage (DC 20).

## Bloodline Arcana [Paizo Inc. - Core Rulebook, p.75]

Whenever you cast a spell with the cold descriptor, that spell deals +1 point of damage per die rolled.

Bonus Sorcerer Spell (7x) [Paizo Inc. - Advanced Race Guide]

Add one spell known from the sorcerer spell list. This spell must be at least one level below the highest spell level the sorcerer can cast.

Cantrips [Paizo Inc. - Core Rulebook, p.71]

You learn a number of cantrips, or 0-level spells. These spells are cast like any other

spells, but they do not consume any slots and may be used again.

Claws (Su) [Paizo Inc. - Core

Rulebook, p.75]
You can grow claws as a free action. These claws are treated as natural weapons, allowing you to make two claw attacks as a full attack action using your full base attack

You can grow claws as a free action. These claws are treated as natural weapons, allowing you to make two claw attacks as a full attack action using your full base attack bonus. Your claws are considered magic weapons for the purpose of overcoming DR. You can use your claws 9 rounds per day. These rounds do not need to be consecutive.

Draconic Bloodline [Paizo Inc. - Core Rulebook, p.75]

At some point in your family's history, a dragon interbred with your bloodline, and now

its ancient power flows through your veins.

Dragon Resistances [Paizo Inc. - Core

You gain Cold Resistance 10 and a +2 natural armor bonus.

Dual Talent [Paizo Inc. - Advanced Race Guide, p.72]

Some humans are uniquely skilled at maximizing their natural gifts. These humans pick two ability scores and gain a +2 racial bonus in each of those scores. This racial trait replaces the +2 bonus to any one ability score, the bonus feat, and the skilled traits.

Resistance to Cold (Ex) [Paizo Inc. - Bestiary, p.303]

You may ignore 10 points of Cold damage each time you take cold damage.

Versatile Human [Paizo Inc. - Advanced Race Guide, p.]

While they lack some of the training of other humans, the natural talents of versatile humans more than make up for this lack. Replace the +2 bonus to any ability score, the skilled racial trait, and the bonus feat racial trait with dual talent.

If the spell requires a material component that costs more than 1 gp, you must have the material component on hand to cast the spell, as normal.
